Dear The Federal Communications Commission,

THIS IS NOT JUST ANOTHER FORM LETTER!! This is an upset VOTER who is wondering why MY party is screwing me!!! The Republican Party is supposed to help the little guy, not screw us!

I WILL NOT PAY MORE for my telephone service! I BEG you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am WORRIED that this proposal WILL make my ALREADY HIGH prepaid wireless account unaffordable.

If this proposal goes through, I will NOT be able to afford the high rates, and will have to give up my ONLY phone and put my safety in jeopardy. Can your office justify losing public safety over the greed of big business????

Under the flat fee proposal you are considering, people like me who have a VERY EXPENSIVE PREPAID WIRELESS PHONE, who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is WRONG, WRONG, WRONG, and it is UNFAIR!!!!!!

I use my PREPAID TRACFONE WIRELESS phone for safety, security and convenience, because I cannot afford the deposit and long term contract of a regular wireless phone, and I don't have a regular home phone. I don't want to lose these benefits so that big businesses can pay less than their fair share. I BEG you to REJECT the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Jason Martin
